

Student's Words to Know...

This file is designed to serve as an expanded list of words that students want to know.

These may be taken from VTS discussions, class conversations, reading materials, and other parts of a student's day. In this personal word wall or dictionary, students can even add definitions.

Each page is split between two letters. Page 2 is just a cover page and may be omitted.

Print the file front to back for (pages 2 through 15) to create a physical book for your students. If your class is primarily paperless, the file can be shared as a pdf file so students can digitally annotate to add words and meanings to the pages.
